## 5 Ways to Get Noticed By Our Group

### Get involved

An excellent and immediate way to get noticed is to get involved with the group. Sign up as a volunteer on a committee. As a Designer member we participate in two Home and Garden Shows per year, sign up and be a part of that. Many of our members have had very good business leads from those shows.

Become a Board Member. This is probably the best way to get to know everyone in the group and become known in return. We have a very active and dedicated board and are always looking for new ideas.

If you are not sure of where to volunteer please contact Laura Donaca our President for more information and advice - [nwsidpdx@nwsid.org](mailto:nwsidpdx@nwsid.org)

### Place an AD on our website

You can place two types of ads on our website.

- A. A logo that appears at the bottom of every page on our site *except* the News + Events page. This ad has a direct link to your website
- B. A banner type ad on our News + Events page with a link to your website. Your logo will also appear in our Monthly News + Events e-blast which goes out to all our members + 80 non-member subscribers
