#11 OF 17 CUSTOM KITCHENS IN OUR NEW BEAVERTON SHOWROOM
Right: Designer Kathleen Fuller

LOFT LIVING ~ *Space efficiency at its best!* A cool contemporary kitchen with a sleek, no-nonsense approach to design and function. The cabinetry is stainless to compliment the latest glossy, black glass **Jenn Air appliances**. The charcoal colored, Italian porcelain tile in a variety of sizes and shapes, along with the subtle glass accents, add textural interest. Details are minimal, but classy. The urban city scape viewed through the window suggests a high rise or loft home.
